No tugging your tarp in cold weather!

Extang makes the world's only patented 4-way fully adjustable tonneaus that work well in cold climates.

ENGINEERED TO BE SUPERIOR:

- The ultimate quality choice when nothing but premium metal components will do.
- Exclusive and patented all-weather tarp design that's fully adjustable 4 ways for easy use in cold weather.
- New "SpringLock™" bows - easy to install and they'll never fall off.
- **NO** drilling, **NO** damage!
- Fast and easy access to truck bed & cargo by simply dropping tailgate or by rolling up the tarp.
- One-handed tail rail quick release with the patented "ClickLock™" corner system.
- "SnapStopper™" keeps snaps on the rail when tarp is rolled up for bulk hauling.
- The "TuffSnaps™" stainless steel and brass snaps will not break. Field tested & proven.
- Easy, fast installation within minutes (no tools needed).
- Famous Extang engineering, quality workmanship and excellent customer service.
- Industry's best warranty.

Always have instant access to your truck bed

10 YEAR
 Tarp
 Warranty
LIFETIME
 Frame
 Warranty

Your tailgate easily opens with tonneau installed.

PLATINUM FEATURES HIGH QUALITY HEAVY DUTY METAL COMPONENTS

Corners securely attach

CLICKLOCK™
 CORNER SYSTEM

An easy pull disengages your tail rail for bulk hauling. To resecure: slide and click, your tail rail is locked in place. You'll be impressed with CLICKLOCK's high quality spring loaded stainless steel ball bearings that click into place with such a satisfying feel.

Tarps designed for strength & good looks

Corners don't buckle up due to parachute grade nylon corner reinforcements. Snaps & corners are backed with thick polymer forcing the corners and edges to

lie smooth and look good in any weather. The thick polymer edging also keeps your snaps from ripping out!

Quicker installation

TUFFKLAMPS™

Our TUFFKLAMPS™ simply drop into the rail channels (works well with bed liners). Easy on. Clamps tight.

Bows will never fall off

The MONSTER BOWS™ ends are spring loaded for easy installation. They will never fall off at any speed or even with the roughest driving conditions.

Simply push and hold on one end and let the other end slide on using the spring action. They are

Extang engineered for simplicity, speed of install and everyday convenience and confidence.

MAXIMUM STRENGTH WARRANTY

The Best Warranty

Ten year tarp and lifetime frame - the best in the industry. Longer than most folks will own their truck! It's more than enough coverage.

Snaps will not break

TUFFSNAPS™

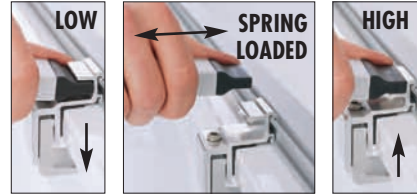

Extang's engineered stainless steel and brass snaps will not break. The smallest part of the Platinum Tonno System is one of the largest reasons why Extang tonneaus are America's number one selling tonneau covers.

SNAPSTOPPER™

Extang's SNAPSTOPPER™ is a small detail that means a lot. Roll up your tarp, carry a large load and the snaps will stay on the rail. Extang holds more product and engineering patents (and patents pending) than ALL other tonneau companies combined. We are leaders in truck accessory and tonneau innovations...and we love trucks!

Bow height adjustment

Extang's MONSTER BOWS™ quickly spring on and off with no tools. It's fast and easily done with one hand. The TUFFKLAMPS™ allow two bow heights: HIGH for maximum water shedding in harsh weather, and for improved gas mileage. LOW for sporty good looks and cold weather tonneau attachment.

Protect it!

It cleans, beautifies and protects tonneaus in 1 step! Powerful UV protectant that is formulated precisely for our tonneau material. Tonno Tonic is the only vinyl cleaner and conditioner approved for use on Extang tonneaus.

3 QUICK, EASY STEPS FOR BULK HAULING:

No tools needed

1 Roll up & secure your tarp

Your tarp can be quickly rolled up and secured with convenient Velcro® straps allowing you to haul large items.

2 Click out tail rail

New CLICKLOCK™ corners allow you to attach or remove your tail rail instantly. No tools or screws required. CLICKLOCK™ corner attachments firmly hold your tail rail in place.

3 Remove your Monster Bows™

Extang's MONSTERBOWS™ have been designed tall and wide making them super strong and are easily removed with one hand.

Extang makes the ONLY tonnos that work well in cold climates

Stud low for tight fit in hot weather Slide off, flip over, then slide on again Stud high for looser fit in cold weather

The true leader in engineered design excellence... Extang has more U.S. patents than all other tonneau companies combined!
