L-CHANNEL™***

PERFECT FIT AND WEATHER-TUFF

- A great solution for truck owners who already own a tool box - pick one of three styles.
- The tool box tonneaus fit most standard tool box sizes.
- Simple, quick and easy do-it-yourself installation.
- No drilling. No damage to truck bed. Protects finish.
- Extang engineered anodized L-Channel™* is an adjustable sealing system that easily bridges the tool box-to-tonneau gap for a perfect fit. The L-Channel also provides for rain drainage.
- All-climate tonneau design that's fully adjustable for easy use in cold weather climates.
- Famous Extang engineering, quality workmanship and excellent customer service are behind every product we sell.
- Depending on your driving habits your tonneau could pay for itself in months with gas savings.
- Industry's best warranty!

EXTANG ENGINEERED, QUALITY FEATURES:

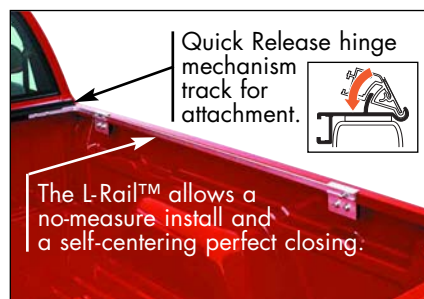

- ExtangRT Tool Box is made to fit with most standard 20" tool boxes.
- Extang engineered roll-top style tonneau for the fastest, easiest use.
- Opens & closes in seconds by just one person. Easy one finger tip release. Bows are secured to tarp for easy roll-up. Rolled tarp secures with heavy duty snap buckle. Fast & easy.
- Premium sewn, commercial grade tarp, with fully finished edges.
- Scratch-resistant, heavy-duty silver anodized bows are pre-positioned and secured to easily roll-up along with the tarp.
- PerfectFitTM control at cab rail adjusts for hot/cold climates.
- Heavy duty locking rear tail rail secures your cargo.
- Uses industrial style, aggressive high peel strength VelcroTM.
- The Extang Lifetime Warranty on both, the frame and the tarp.

VERY LOW PROFILE

Very low-profile offers a virtually flush fit with head turning good looks. Premium sewn, commercial grade tarp, with fully finished edges. Far superior to folded over vinyl. This is a great fitting and great looking tonneau.

- FullTilt Tool Box is made to fit with most standard 20" tool boxes.
- Available with or without snaps.
- Full use of truck bed - no hinges or latches in the way to hinder loading your cargo.
- Can be easily used with one hand.
- Handy pull strap for easy reach and true level closing.
- L-Rails create a self-centering lid system that also prevents damage to the truck's finish.
- Extang's Quick Release and L-Rail system provide a no-measure installation that is accurate and easy to do.

- All-weather adjustable snaps and hinged tonneau design allow for year-round bed access even in the coldest climates.
- Tarp can be rolled up and bows removed for hauling that unexpected large load home.
- Hinges at front cab rail and not in the middle of tonneau fabric - avoids tarp wear.
- The Extang Warranty - 10 year tarp and lifetime frame.

- The Classic Platinum Tool Box comes in standard or custom-cut for non-standard size tool boxes.
- Simple do-it-yourself measurements required for a perfect custom fit.

- One-handed tail rail quick release with the patented "ClickLockTM" corner system.

- "SnapStopper" keeps snaps on the rail when tarp is rolled up for bulk hauling.

- The "TuffSnaps" stainless steel and brass snaps will not break. Field tested and proven.
- All-weather tonneau design that's fully adjustable easy use in cold weather climates.
- The Extang Warranty - 10 year tarp and lifetime frame.

The true leader in engineered design excellence... Extang has more U.S. patents than all other tonneau companies combined!
